Outstanding Securities and Voting Rights

Only holders of record of the Company’s common stock at the close of business on April 13, 2016, the record date, are entitled to notice of, and to vote at, the Meeting. On that date, we had 46,924,183 shares of common stock outstanding. Each share of common stock is entitled to one vote at the Meeting.

The holders of a majority of the issued and outstanding shares of common stock present at the Meeting, either in person or by proxy, and entitled to vote, constitute a quorum for the transaction of business. Abstentions and broker non-votes will be included in determining the presence of a quorum at the Meeting. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Under New York Stock Exchange rules, a broker does not have the discretion to vote on any of the proposals to be presented at the Meeting. As a result, any broker who is a member of the New York Stock Exchange will not have the discretion to vote on the proposals, if such broker has not received instructions from the beneficial owner of the shares represented.

Directors are elected by a plurality of votes cast, the equity award proposals (Proposals 2, 3, and 4) are approved by a majority of votes cast, and the Say on Pay proposal is approved by a majority of votes present in person or by proxy at the Meeting and entitled to vote. A broker non-vote will have no effect on the proposals. Abstentions will have no effect on Proposals 1, 2, 3, and 4, and will have the same effect as a vote against Proposal 5.

In connection with the Company's acquisition of Fluent, LLC ("Fluent") in December 2015 (the "Fluent Acquisition"), the Company entered into a Stockholders' Agreement (the "Stockholders' Agreement"), with the selling stockholders of Fluent ("Sellers") and Frost Gamma Investment Trust ("Frost Gamma"), Marlin Capital Investments, LLC ("Marlin Capital"), and certain other stockholders of the Company, solely in their respective capacities as stockholders, pursuant to which the parties agreed to vote in a certain manner on specified matters, including the agreement to vote in favor of each party's duly approved nominees for the Company's Board and in favor of the amendment to the 2015 Plan to increase the number of shares available for issuance thereunder. In the aggregate, stockholders representing approximately 29,815,052 shares of the Company's common stock or 64% have entered into the Stockholders' Agreement.

Proxy Voting

Shares for which proxy cards are properly executed and returned will be voted at the Meeting in accordance with the directions given or, in the absence of directions, will be voted **"FOR"** Proposal 1 — election of the nine nominees for director named herein, **"FOR"** Proposal 2 — approval of the increase in the number of shares available for issuance under the 2015 Plan, **"FOR"** Proposal 3 — approval of an award of RSUs to our Executive Chairman, **"FOR"** Proposal 4 — approval of an award of RSUs to our Vice Chairman and for **"FOR"** Proposal 5 — approval of Say on Pay. If other matters are properly presented, the person named in the proxies in the accompanying proxy card will vote in accordance with their discretion with respect to such matters.

Voting by Stockholders of Record.

If you are a stockholder of record (your shares are registered directly in your name with our transfer agent), you may vote by proxy, via the Internet, or by mail by following the instructions provided on the proxy card. Stockholders of record who attend the Meeting may vote in person by obtaining a ballot from the inspector of elections. Please be prepared to present photo identification for admittance to the Meeting.

Voting by Beneficial Owners.

If you are a beneficial owner of shares (your shares are held in the name of a brokerage firm, bank, or other nominee), you may vote by following the instructions provided in the voting instruction form, or other materials provided to you by the brokerage firm, bank, or other nominee that holds your shares. To vote in person at the Meeting, you must obtain a legal proxy from the brokerage firm, bank, or other nominee that holds your shares, and present such legal proxy from the brokerage firm, bank, or other nominee that holds your shares for admittance to the Meeting. Also, be prepared to present photo identification for admittance to the Meeting.

Changing Your Vote.

You may revoke your proxy and change your vote at any time before the final vote at the Meeting. You may vote again on a later date via the Internet (only your latest Internet proxy submitted prior to the meeting will be counted), by signing and returning a new proxy card with a later date, or by attending the Meeting and voting in person. Your attendance at the Meeting will not automatically revoke your proxy unless you vote again at the Meeting or specifically request in writing that your prior proxy be revoked.

All votes will be tabulated by an Inspector of Elections appointed for the Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Joshua Weingard has been appointed by the Board as Inspector of Elections for the Meeting. A list of the stockholders entitled to vote at the Meeting will be available at the Company's executive office, located at 2650 North Military Trail, Suite 300, Boca Raton, Florida 33431, for a period of ten (10) days before the Meeting and will be available for examination by any stockholder.

Proposal 1
ELECTION OF DIRECTORS

We are electing nine (9) directors at the Meeting. Each director will hold office until our next annual meeting or until a successor is elected and qualified to serve on the Board. The Board has nominated the nine individuals listed below (each a “Nominee” and together the “Nominees”) based on the recommendation of the Board’s Corporate Governance and Nominating Committee (the “Nominating Committee”). Each of the Nominees currently serves as a director, however Dr. Frost and Messrs. Swayman, Schulke and Mathis are being nominated for election at an annual meeting for the first time. Furthermore, Messrs. Schulke and Mathis have been nominated pursuant to the Stockholders’ Agreement, which allows Sellers to nominate two nominees to the Board, as further discussed in the section of this proxy statement titled “Nominees for Director and Other Stockholder Proposals.” Each Nominee has consented to be named in this proxy statement and has agreed to serve as a director if elected. If any Nominee should become unavailable for election, the proxy may be voted for a substitute nominee selected by the persons named in the proxy or the size of the Board may be reduced accordingly. The Board is not aware of any existing circumstances likely to render any Nominee unavailable. Under our bylaws Nominees are elected by a plurality of votes cast.

Director Compensation

Prior to June 16, 2015, our non-employee Board members were paid an annual fee of \$10,000, paid in quarterly installments with the first payment made in arrears, and were awarded the equivalent of \$10,000 in RSUs, which vested immediately on our annual meeting of stockholders. Additionally, each Audit Committee member is granted an additional 5,000 RSUs, all of which vest on the one year anniversary of the grant date, and the Chairman of the Audit Committee is granted an additional 5,000 RSUs, which vest on the one-year anniversary of the grant date. Board Meetings; Annual Meeting Attendance; Independence

The Board oversees our business and affairs and monitors the performance of management. The Board met regularly during the year ended December 31, 2015 and continues to meet regularly to review matters affecting our company and to act on matters requiring Board approval. The Board also holds special meetings whenever circumstances require and may act by unanimous written consent. During 2015, the Board held ten meetings and took action by unanimous written consent on seven occasions. All of our directors attended at least 75% of our meetings held in person or by proxy. The Board encourages, but does not require, its directors to attend the Company’s annual meeting. Messrs. Rubin and Daniel Brauser attended the 2015 Annual Meeting of Stockholders, as well as Michael Brauser, who was a director-nominee at the 2015 Annual Meeting of Stockholders.

Under the NYSE MKT relevant standards, an independent director means a person other than an executive officer or employee of the company, and no director qualifies as independent unless the issuer’s board of directors affirmatively determines that the director does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. NYSE MKT requires that a majority of the board of directors of a listed company be independent.

As a result of the Board’s review of the relationships of each of the Nominees for election to the Board, the Board has affirmatively determined that a majority of its current directors and Nominees, Messrs. Benz, Fried, Mathis, Rubin, and Swayman, are “independent” directors within the meaning of the listing standards of NYSE MKT and applicable law.

Code of Ethics

The Company has adopted a Code of Ethics, which is applicable to the Company’s directors, officers, and employees, including the Company’s principal executive officer and principal financial officer. The Code of Ethics is published on the Company’s website at www.ididata.com on the Investor Relations page.

Board Leadership Structure

The Company is led by Michael Brauser, who has served as a director of the Company and our Executive Chairman since June 2015. The Executive Chairman is the individual selected by the Board to manage our Company on a day to day basis, and his direct involvement in our business operations makes him best positioned to lead productive Board strategic planning sessions and determine the time allocated to each agenda item in discussions of our Company’s short- and long-term objectives. Although we have no formal policy on the separation of our lead executive and chairman of the board, we believe that our current leadership structure is suitable for us. Five of our directors satisfy NYSE MKT independence requirements. Our Board also includes two management directors other than Mr. Brauser. The Company does not have a member of our Board who is formally identified as the lead independent director, however Dr. Phillip Frost serves as our Vice Chairman. Also, independent directors head each of our Board’s three standing committees — the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee, and each of the committees is comprised solely of independent directors.

Board Oversight of Enterprise Risk

The Board’s role in the risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and

strategic and reputational risks. In connection with its reviews of the operations of the Company's business and its corporate functions, the Board considers and addresses the primary risks associated with these operations and functions. Our full Board regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed.

In addition, each of the Board's committees, and particularly the Audit Committee, plays a role in overseeing risk management issues that fall within such committee's areas of responsibility. Senior management reports on at least a quarterly basis to the Audit Committee on the most significant risks facing the Company from a financial reporting perspective and highlights any new risks that may have arisen since the Audit Committee last met. The Audit Committee also meets regularly in executive session with the Company's independent registered public accounting firm and reports any findings or issues to the full Board. In performing its functions, the Audit Committee and each standing committee of the Board has full access to management, as well as the ability to engage advisors. The Board receives regular reports from each of its standing committees regarding each committee's particularized areas of focus.

Committees

The standing committees of the Board are the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee.

Audit Committee

From January 1, 2015 through June 2, 2015, the date of the 2015 Annual Meeting (the "2015 Annual Meeting"), Frank Chen and Yunan (Jeffrey) Ren (Chairman) served as members of our Audit Committee. Mr. Ren served as our Audit Committee financial expert. Messrs. Chen and Ren were not re-nominated to serve as a director at the 2015 Annual Meeting. Following the 2015 Annual Meeting, the members of the Audit Committee have been Peter Benz (Chairman) and Robert Swayman, both of whom are independent directors as determined by the NYSE MKT Rules. Upon his appointment to the Board effective December 8, 2015, Donald Mathis was appointed to the Company's Audit Committee. Mr. Mathis meets the independence requirements of NYSE MKT. The Board has determined that Mr. Benz is an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K.

Until Mr. Mathis' appointment to the Audit Committee in December 2015, IDI maintained an Audit Committee of two members pursuant to the exemption provided under Section 803(B)(2)(c) of the NYSE MKT Company Guide, which provides that an issuer that satisfies the definition of Smaller Reporting Company in Regulation S-K, Item 10(f)(1), is only required to maintain an Audit Committee of at least two members. The Board of IDI has adopted a written charter for the Audit Committee which the Audit Committee reviews and reassesses for adequacy on an annual basis. A copy of the Audit Committee's charter is located on IDI's website at www.ididata.com.

The Audit Committee held 13 meetings during 2015 and took no action by written consent.

The Board has affirmatively determined that each of Messrs. Rubin, Fried, and Matthis are independent pursuant to 805(c)(1) of the NYSE MKT Company Guide. A copy of the Compensation Committee's charter is located on IDI's website at www.ididata.com.

Communications with our Board of Directors

Any stockholder who wishes to send a communication to our Board should address the communication either to the Board or to the individual director in care of Joshua Weingard, Corporate Counsel of IDI at 2650 North Military Trail, Suite 300, Boca Raton, Florida 33431. Mr. Weingard will forward the communication either to all of the directors, if the communication is addressed to the Board, or to the individual director, if the communication is addressed to a specific director.

Nominees for Director and Other Stockholder Proposals

The Nominating Committee will consider all qualified director candidates identified by various sources, including members of the Board, management and stockholders. Candidates for directors recommended by stockholders will be given the same consideration as those identified from other sources. The Nominating Committee is responsible for reviewing each candidate's biographical information and assessing each candidate's independence, skills, qualifications, and expertise based on a number of factors. While we do not have a formal policy on diversity, when considering the selection of director nominees, the Nominating Committee considers individuals with diverse backgrounds, viewpoints, accomplishments, cultural backgrounds, and professional expertise, among other factors.

Only persons who are nominated in accordance with the procedures set forth in our bylaws will be eligible for election as directors. Nominations of persons for election to the Board and other proposals presented to our stockholders may be made at a meeting of stockholders at which directors are to be elected only (i) by or at the direction of the Board or (ii) by any stockholder of the Company entitled to vote for the election of directors at the meeting who complies with the notice procedures set forth in our bylaws. Such nominations and other proposals presented to our stockholders, other than those made by or at the direction of the Board, shall be made by timely notice in writing to the Secretary of the Company. To be timely, a stockholder's nomination for a director or other stockholder proposal must be delivered to the secretary at the Company's principal executive offices not later than the close of business on the ninetieth (90th) day, nor earlier than the close of business on the one hundred twentieth (120th) day, before the first anniversary of the preceding year's annual meeting. The stockholder's notice shall set forth as to each person whom the stockholder proposes to nominate for election as a director: (i) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or all information that is required in connection with a stockholder proposal, in each case pursuant to and in accordance with the Section 14(a) of the Securities Exchange Act of 1934, as amended and the rules and regulations promulgated thereunder, and (ii) such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected.

Messrs. Schulke and Mathis have been nominated to the Board in accordance with the Stockholders' Agreement entered into in connection with the Fluent Acquisition, which provides in part that beginning with the first annual meeting of stockholders following the closing of the Fluent Acquisition and thereafter for so long as the Fluent stockholders beneficially own, in the aggregate, at least 30% of the shares issued in the Fluent Acquisition, Sellers are entitled to nominate two individuals to the Board.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board (in this section, the "Committee") has selected Grant Thornton LLP ("Grant Thornton") to serve as our independent registered public accounting firm to audit the consolidated financial statements of the Company for the fiscal year ending December 31, 2016. Grant Thornton has acted in such capacity since its appointment effective July 14, 2015. A representative of Grant Thornton is expected to be present at the Meeting, with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

Changes in Independent Registered Public Accounting

Effective July 14, 2015, the Committee appointed Grant Thornton as the Company's principal independent registered public accountant to audit the Company's consolidated financial statements for the fiscal year ended December 31, 2015. In connection with the appointment of Grant Thornton, the Committee dismissed RBSM LLP ("RBSM") effective July 14, 2015, as the Company's independent registered public accountants. RBSM had served as the Company's independent registered public accountant since its engagement on May 14, 2015. RBSM did not issue a report on the Company's financial statements for the year ended December 31, 2015.

During the period May 14, 2015 through July 14, 2015, the Company has not had any disagreements with RBSM on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to RBSM's satisfaction, would have caused them to make reference thereto in their reports on the Company's financial statements for such periods. During the period May 14, 2015 through July 14, 2015, there were no reportable events, as defined in Item 304(a)(1)(v) of Regulation S-K.

On May 14, 2015, the Committee appointed RBSM as the Company's principal independent registered public accountant to audit the Company's consolidated financial statements for the fiscal year ended December 31, 2015. This action effectively dismissed Marcum Bernstein & Pinchuk LLP ("MBP") as of May 14, 2015, as the Company's principal independent registered public accountants.

The audit report of MBP on the financial statements of the Company, as of and for the years ended December 31, 2014 and December 31, 2013, did not contain any adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the years ended December 31, 2014 and 2013, there were no disagreements with MBP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which if not resolved to MBP's satisfaction would have caused it to make reference thereto in connection with its reports on the financial statements for such years. During the years ended December 31, 2014 and 2013 and through May 14, 2015, there were no reportable events of the type described in Item 304(a)(1)(v) of Regulation S-K.

Previously, the consolidated financial statements of Company subsidiary IDI Holdings, LLC ("IDI Holdings"), formerly The Best One, Inc., for the year ended December 31, 2014 (the "2014 Financials") were audited by L.L. Bradford & Company, LLP ("LLB"); however, LLB is no longer PCAOB registered and, as a result, the Company can no longer include LLB's audit opinion with the Company's filings. As a result, on March 15, 2016, the Committee appointed RBSM for the sole purpose of auditing IDI Holdings' 2014 Financials.

Auditor Fees And Services

The following table sets forth the fees billed to the Company by the Company's independent registered public accountants for the years ended December 31, 2015 and December 31, 2014.

	<u>2015</u>	<u>2014</u> ⁽³⁾⁽⁴⁾
Audit Fees ⁽¹⁾	\$595,481 ⁽²⁾	\$176,414
Audit-Related Fees	34,556	—
Tax Fees ⁽⁵⁾	8,697	—
All Other Fees	—	—
Total	<u>\$638,734</u>	<u>\$176,414</u>

- (1) Audit fees consist of fees billed for professional services rendered for the audit of our consolidated annual financial statements, the review of the interim consolidated financial statements included in quarterly reports and services that are normally provided in connection with statutory and regulatory filings for engagements, consultations in connection with acquisitions and issuances of auditor consents and comfort letters in connection with SEC registration statements and related SEC registered and non-registered securities offerings.
- (2) Represents \$555,481 for fees billed by Grant Thornton for audit and quarterly review services and services related to comfort letter and accounting consultation and research on matters related to business combinations, and \$40,000 for fees billed by RBSM.
- (3) As TBO was determined to be the accounting acquirer of and the predecessor entity to Tiger Media, these balances represent \$67,500 and \$108,914, respectively, paid to RBSM and LLB, who were the independent accountants for TBO. Due to LLB (who was the initial independent accountant for TBO) having their PCAOB registration revoked, the company subsequently appointed RBSM as the independent accountant and RBSM performed an independent audit for 2014.
- (4) TBO was determined to be the accounting acquirer of and the predecessor entity to IDI or the Company. Accordingly, the Company paid \$154,663 for audit fees and \$3,595 for audit-related fees to their independent registered public accountant MBP in 2014. These fees are not included in the table above.
- (5) Relates to tax consulting services performed by Grant Thornton prior to being engaged as the Company's independent registered public accountant.

Pre-Approval Policies and Procedures for Audit and Permitted Non-Audit Services

The Audit Committee is responsible for pre-approving all auditing services and permitted non-audit services (including the fees for such services and terms thereof) to be performed for the Company by its independent registered public accounting firm. The Audit Committee is also responsible for considering whether the independent registered public accounting firm's performance of permissible non-audit services is compatible with its independence. The Audit Committee chairman has authority to grant pre-approvals of audit and permissible non-audit services by the independent registered public accounting firm provided that all pre-approvals by the chairman must be presented to the full Audit Committee at its next scheduled meeting. Consistent with these policies and procedures, the Audit Committee approved all of the services rendered by the applicable auditors for the years ended December 31, 2015 and December 31, 2014, as described above.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for establishing and maintaining adequate internal control over financial reporting, for preparing the financial statements and for the report process. The Audit Committee members do not serve as professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management or the independent registered public accounting firm. We have engaged as our independent public accountants to report on the conformity of the Company's financial statements to accounting principles generally accepted in the United States. In this context, the Audit Committee hereby reports as follows:

1. The Audit Committee has reviewed and discussed the audited financial statements with management of the Company.
2. The Audit Committee has discussed with Grant Thornton, our independent registered public accounting firm, the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16, *Communications with Audit Committees*.
3. The Audit Committee has also received the written disclosures and the letter from Grant Thornton required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence and the Audit Committee has discussed the independence of Grant Thornton with that firm.
4. Based on the review and discussion referred to in paragraphs (1) through (3) above, the Audit Committee recommended to the Board and the Board approved the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015, for filing with the SEC.

The foregoing has been furnished by the Audit Committee:

COMPENSATION DISCUSSION AND ANALYSIS

Overview

This discussion and analysis describes the material elements of compensation awarded to, earned by, or paid to the named executive officers of IDI during 2015, and provides a brief summary of the compensation to be paid to the executive officers in 2016. Throughout this analysis, the individuals who served as the Chief Executive Officer and Chief Financial Officer during 2015, as well as other individuals included in the Summary Compensation Table and other tables below, are referred to as the “named executive officers.”

Background. During 2014 and prior to the March 21, 2015 merger (“TBO Merger”) between Tiger Media, Inc. (“Tiger Media”) and The Best One, Inc. (“TBO”), IDI was engaged in the outdoor advertising business in China. Prior to the TBO Merger, Peter W.H. Tan served as Chief Executive Officer of Tiger Media and following the TBO Merger, Derek Dubner joined Peter Tan as Co-Chief Executive Officers of the combined company. Jacky Wang joined Tiger Media as Chief Financial Officer effective August 1, 2014. Between November 2013 and August 1, 2014, Peter Tan had served as Interim Chief Financial Officer. Tiger Media changed its name to IDI, Inc. on April 8, 2015. On June 30, 2015, in connection with the continuing shift in IDI’s focus towards the big data and analytics sector, the IDI Board approved a plan under which the Company discontinued the operations of its Chinese- and British Virgin Islands-based subsidiaries.

In June 2015, Michael Brauser became IDI’s Executive Chairman, Aaron Solomon became the interim Chief Financial Officer of IDI, James Reilly became President and Chief Operating Officer and Jacky Wang moved from Chief Financial Officer to Chief Accounting Officer. On March 29, 2016, Dan MacLachlan, who had been the Chief Financial Officer of TBO until early February 2015, became the Chief Financial Officer of IDI and Aaron Solomon was appointed Senior Vice President of Finance and Administration. In December 2015, IDI provided Peter Tan notice of non-renewal of his employment agreement. On March 9, 2016, IDI’s Board of Directors removed Mr. Tan as Co-Chief Executive Officer and appointed Derek Dubner as sole Chief Executive Officer.

Material Elements of Our Compensation Policy

The core objective of our compensation programs for 2015 was to secure and retain the services of highly qualified executives, with the goal of conserving cash and using non-cash compensation as incentive. We principally use a combination of salary and long-term equity incentives, principally in the form of restricted stock units (“RSUs”), to compensate our executives.

The Compensation Committee has not engaged the services of outside compensation consultants nor has it used any specific formula, factors, or particular criteria to be met by a named executive officer or assigned any relative weight to any factors or criteria. Rather the Compensation Committee has considered, holistically, the experience, skills, knowledge and responsibilities of the named executive officers in their respective roles taking into account the strategic direction of the business. Thus as our business has shifted focus from the outdoor advertising business to big data and analytics, we have evolved our compensation strategy to align with our revised strategic focus.

Grants of equity awards are designed to provide a strong incentive for achieving long-term results by aligning the interests of our executives with those of our stockholders, while at the same time encouraging our executives to remain with the company. The Compensation Committee believes our compensation programs for the named executive officers is appropriately based upon the Company’s performance and the performance and level of responsibility of the executive officer.

Prior to the TBO Merger, compensation matters were largely determined by the Compensation Committee, with input from Peter Tan other than with respect to his compensation. The Compensation Committee is

responsible for the oversight, implementation, and administration of all of the executive compensation plans and programs. At that time, the Compensation Committee was comprised of Steven D. Rubin, who was the Chairman, and Robert Fried. After the TBO Merger and the subsequent discontinuation of the outdoor advertising business, Executive Chairman Michael Brauser and Co-Chief Executive Officer Derek Dubner made recommendations to the Compensation Committee other than with respect to their own respective compensation. On December 8, 2015, Donald Mathis, a Fluent designee to our Board, joined the Compensation Committee.

Long-Term Equity Incentive Compensation

One of the key elements of our compensation strategy is long-term equity incentives, principally RSUs. A predecessor of IDI adopted the SearchMedia International Limited (“SMIL”) 2008 Amended and Restated Share Incentive Plan (the “2008 Plan”) which established an initial pool of 359,370 equity awards to employees, directors and consultants (SMIL was combined with Ideation Acquisition Corp., a predecessor of IDI in 2009). The 2008 Plan was approved by the combined entities’ stockholders at a Special Meeting of Stockholders held on October 27, 2009 and was later amended to increase the number of eligible equity awards to 600,000 shares, approved by shareholders in September 2011, 900,000 shares, approved in December 2012 and 1.2 million shares, approved in December 2013.

In April 2015, the Compensation Committee adopted, subject to stockholder approval, the 2015 Plan which provided a pool of 2.5 million equity awards. The 2015 Plan was approved by the IDI stockholders at the Annual Meeting of Stockholders held on June 2, 2015. On November 16, 2015 the Board approved, upon the recommendation of the Compensation Committee, an increase of the 2015 Plan from 2.5 million shares to 12.5 million shares. The Compensation Committee determined the increase in the 2015 Plan was warranted as a result of IDI’s acquisition by merger of Fluent and the need to establish a pool of equity awards for the Fluent employees, as well as the anticipated expansion of the Company’s business, including additional personnel. The increase in the 2015 Plan is subject to stockholder approval and is Proposal 2 to this proxy statement.

Compensation Policies Before the TBO Merger

The core objectives of our compensation programs prior to the TBO Merger were to secure and retain the services of highly qualified executives and to provide compensation to our executives that was commensurate and aligned with our performance and advances both our short and long-term interests and those of our stockholders. We sought to achieve these objectives through two principal compensation programs: (1) base salary and (2) long-term equity incentives. We design our base salaries primarily to attract and retain talented executives while conserving cash resources and leveraging a greater portion of overall compensation to non-cash long-term equity incentives.

On February 7, 2012, we entered into an executive employment agreement with Peter W. H. Tan, effective as of February 13, 2012 in his capacity as Chief Executive Officer. The agreement had an initial three-year term and was automatically extended for successive one-year terms unless either party gave the other party written notice of termination no less than 60 days, and no more than 120 days, prior to the expiration of such one-year term. Pursuant to the agreement, Mr. Tan received a \$350,000 annual base salary payable in 12 equal monthly installments, subject to annual review and adjustment by the Compensation Committee and was granted 80,000 stock options with an exercise price of \$5.50 per share. Mr. Tan was also eligible to earn an annual bonus in an amount determined by the Compensation Committee or the Board, based upon achieving performance metrics and strategic goals established by the Compensation Committee. During his tenure, Mr. Tan’s salary remained static and he did not receive cash bonuses. Additionally, Mr. Tan was eligible to participate in any of our equity incentive plans as determined by the Compensation Committee, consistent with the terms provided to our other senior officers. In November 2013, Mr. Tan received an equity award in the form of 30,000 stock options with an exercise price of \$8.10 per share vesting one-third per year annually and 70,000 RSUs vesting on January 2, 2014. On January 28, 2015, Mr. Tan received an equity award in lieu of cash bonus in the amount 99,800 RSUs which vested on July 28, 2015. In December 2015, IDI provided Peter Tan notice of non-renewal of his employment agreement. On March 9, 2016, IDI’s Board of Directors removed Mr. Tan as Co-Chief Executive Officer and appointed Derek Dubner as sole Chief Executive Officer.

Mr. Wang became our Chief Financial Officer on August 1, 2014 and was paid an annual salary of \$150,000 with a target bonus of \$20,000. Mr. Wang was initially granted 60,000 RSUs which vested annually over four years. On January 28, 2015, the Compensation Committee granted Mr. Wang 20,000 RSUs which vested in full on July 28, 2015.

Compensation Policies After the TBO Merger

After the TBO Merger, we continued our policy to secure and retain the services of highly qualified executives and to provide compensation to our executives that was commensurate and aligned with our performance and advances both our short and long-term interests and those of our stockholders. We utilize base salary and non-cash long-term incentives to retain talented executives while conserving cash resources and leveraging a greater portion of overall compensation to non-cash long-term equity incentives.

When determining base salary, the Compensation Committee did not use any specific formula, factors, or particular criteria to be met by a named executive officer and did not assign any relative weight to any factors or criteria to be considered. Rather, the Compensation Committee exercised its judgment, discretion, and experience with developing businesses with limited revenues by considering all factors they deemed relevant. In determining base salaries for 2015, the Compensation Committee considered the experience, skills, knowledge and responsibilities of the named executive officers in their respective roles.

As a result of providing certain consulting services, Mr. Brauser was granted 175,000 RSUs on April 29, 2015, which vest over three years. Mr. Brauser was elected to the Company's Board on June 2, 2015 and was appointed Executive Chairman on June 16, 2015. Mr. Brauser began receiving an annual salary of \$1.00 commencing on September 1, 2015.

The Compensation Committee was of the view that Mr. Brauser was the driving force in identifying Fluent as a strategic merger partner and consummating the transaction. Mr. Brauser believed that Fluent's expertise in the consumer marketing industry and its massive, first-party database of consumer information coupled with its advanced customer acquisition platform would present IDI with its entrée into the consumer marketing industry to apply IDI's next-generation data fusion technology. Mr. Brauser also recognized that Fluent, profitable and cash flow positive, was financeable and would provide resources enabling us to bring our data fusion and analytics products to market. The Compensation Committee also acknowledged that Mr. Brauser was largely responsible for structuring the Fluent Acquisition and assembling the financing for the transaction. The transaction provided for aggregate consideration of approximately \$100 million in cash and \$123 million of convertible preferred stock which has since been converted into 15,001,850 shares of Common Stock. The cash component of the Fluent Acquisition and transaction costs were funded by \$50.0 million from the sales of convertible preferred stock and warrants to Frost Gamma Trust ("Frost Gamma") and certain other investors, \$10.0 million of bridge loans from Frost Gamma, Mr. Brauser and another investor, and a \$45.0 million term loan with Fluent as the borrower, IDI and related parties as guarantors and certain financial institutions as lenders, and Whitehorse Finance, Inc. Mr. Brauser was also instrumental in securing Dr. Frost's agreement to join the Board. This was accomplished in a time span of less than three months from the first introduction to the Fluent principals to closing, and has had a transformative impact on IDI.

In recognition of his efforts, the Compensation Committee entered into an employment agreement with Mr. Brauser on November 16, 2015 to increase his salary to \$25,000 per annum and provide for the award of 5.0 million RSUs outside of the 2015 Plan, subject to stockholder approval (the "Brauser RSUs"). The Brauser RSUs are subject to annual vesting over a four-year period provided that the Company has gross revenue in excess of \$100 million and positive EBITDA in any one fiscal year during the vesting period (the "Performance Vesting Conditions"). In addition, the Brauser RSUs will vest immediately upon: (i) a Change in Control, (ii) a termination of Brauser's employment without Cause, (iii) Mr. Brauser's termination of his employment for Good Reason, or (iv) his death or disability (as such terms are defined in the amended employment agreement) (the "Additional Vesting Conditions"). The amended employment agreement provides that Mr. Brauser may, at his

option and in accordance with Internal Revenue Code Section 409A, elect to satisfy tax withholdings (including any FICA and related income tax withholding that may apply on the vesting, as opposed to settlement, of the Brauser RSUs) by having IDI withhold a number of shares having a fair market value equal to the minimum amount of such tax withholdings. The employment agreement with Mr. Brauser does not provide for any cash severance if his employment is terminated for any reason.

Mr. Dubner served as our Co-Chief Executive Officer from March 2015 until his appointment as Chief Executive Officer on March 2016. Previously, Mr. Dubner was employed by TBO pursuant to a September 30, 2014 Employment Agreement that was amended on March 17, 2015. Mr. Reilly has served as our President and Chief Operating Officer since June 2015 and as President and Chief Operating Officer of TBO since its inception. Mr. Reilly was employed pursuant to a September 30, 2014 agreement that was amended on March 17, 2015. We assumed the agreements, which are substantially identical as part of the TBO Merger. Messrs. Dubner's and Reilly's base salaries were \$200,000 and the agreements provided for a two-year term. The employment agreements with Messrs. Dubner and Reilly provide that if their employment is terminated without Cause or by the employee for Good Reason, as those terms are defined in the respective agreements, the terminated employee will be paid severance equal to his base salary over the balance of the term. The agreement with Mr. Dubner provided for an initial grant of 400,000 RSUs and the employment agreement with Reilly provided for an initial grant of 200,000 RSUs, which awards vest quarterly over the term of the agreement and immediately vest upon a change of control of TBO. The March 17, 2015 amendment to their agreements provided that the TBO Merger would not constitute automatic vesting of the initial TBO RSU grants.

The agreements provided for a cash bonus of \$100,000 upon consummation of TBO's sale, merger, consolidation, share exchange or like transaction with a publicly-traded entity. Mr. Dubner's agreement provided for a cash bonus of \$150,000 upon raising the first \$5.0 million in any financing or series of related financings following a transaction that triggers the first bonus. Messrs. Dubner and Reilly were paid the \$100,000 bonus on the closing of the TBO Merger and Mr. Dubner was paid the \$150,000 bonus following the July 23, 2015 registered direct placement of IDI shares which resulted in approximately \$10.0 million in gross proceeds.

On August 22, 2015, the Compensation Committee increased Mr. Dubner's and Mr. Reilly's salary to \$264,000 per annum based on each of their individual and IDI's performance. In recognition of their efforts in closing the Fluent Acquisition and related transactions, the Compensation Committee amended each of their agreements on November 16, 2015 to reflect the previous increase in their base salary, to award them 500,000 RSUs under the 2015 Plan, and to extend the term until September 30, 2017. The RSUs, which vest over three years and are subject to the Performance Vesting Conditions and the Additional Vesting Conditions, are subject to stockholder approval of Proposal 2 to increase the 2015 Plan to 12.5 million shares.

Mr. Solomon was appointed IDI's Interim Chief Financial Officer in June 2015. Mr. Solomon previously served as the Company's Vice President of Finance and Administration since February 2015. His salary is \$158,000 per annum, and he was awarded 50,000 RSUs on April 29, 2015. The RSUs vest over three years. In recognition of his efforts in closing the Fluent Acquisition, Mr. Solomon was granted 50,000 RSUs, subject to stockholder approval, that vest over three years and are subject to the Performance Vesting Conditions and the Additional Vesting Conditions, and are subject to stockholder approval of Proposal 2 to increase the 2015 Plan to 12.5 million shares.

On March 29, 2016, the Board appointed Daniel MacLachlan as the Company's Chief Financial Officer and Principal Financial Officer. Pursuant to the terms of his employment agreement with TBO effective October 2, 2014, as amended, which was assumed by the Company in the TBO Merger, the Company pays Mr. MacLachlan an annual salary of \$185,000, and under the agreement, Mr. MacLachlan is to receive 50,000 restricted stock units, which vest in equal quarterly installments during the term of the agreement and are to be delivered at the end of the two-year vesting period. The term of the employment agreement is through September 30, 2016. The Compensation Committee ratified Mr. MacLachlan's employment agreement on March 29, 2016.

Proposal 2

2015 IDI, INC. STOCK INCENTIVE PLAN

Overview

The Board has approved and unanimously recommends that the stockholders increase the number of shares of common stock available for issuance under the IDI, Inc. 2015 Stock Incentive Plan (the “2015 Plan”) by 10,000,000 shares from 2,500,000 shares to 12,500,000 shares. The proposed increase reflects the transformation of the Company as a result of the TBO Merger in March 2015 and the Fluent Acquisition in December 2015. In these acquisitions and in related financing transactions, the Company issued an aggregate of 22,548,100 shares of common stock, including shares of convertible preferred stock that has converted into common stock. Furthermore, in the Fluent Acquisition, Sellers were provided the right to grant (subject to appropriate Board and Compensation Committee approvals) awards for up to seven million (7,000,000) shares of common stock. As set forth in the table titled New 2015 Plan Benefits below, awards have been granted to Fluent employees, which grants are subject to stockholder approval of the proposed increase in the 2015 Plan. Given the foregoing matters, the Board believes it is appropriate at this time to increase the number of shares available for issuance under the 2015 Plan and unanimously recommends that the stockholders approve such increase. The primary purpose of the 2015 Plan is to attract, retain, reward and motivate certain individuals by providing them with an opportunity to acquire or increase a proprietary interest in the Company and to incentivize them to expend maximum effort for the growth and success of the Company, so as to strengthen the mutuality of the interests between such individuals and the stockholders of the Company.

The following discussion summarizes the material terms of the 2015 Plan. This discussion is not intended to be complete and is qualified in its entirety by reference to the full text of the 2015 Plan, which is incorporated by reference to the Company’s Definitive Proxy Statement on Schedule 14A filed with the Securities and Exchange Commission on April 30, 2015, and the amendment to the 2015 Plan, a copy of which is attached to this proxy statement as Annex A.

Administration

The 2015 Plan is administered by the Compensation Committee of the Board (for purpose of this description of the 2015 Plan, the “Committee”). If no Committee exists, the independent Board members will exercise the functions of the Committee.

All grants under the 2015 Plan will be evidenced by a grant agreement (an “Award Agreement”) that will incorporate the terms and conditions as the Committee deems necessary or appropriate.

Coverage Eligibility and Annual Grant Limits

The 2015 Plan provides for the issuance of awards (each, an “Award”) consisting of stock options (“Options”), stock appreciation rights (“SARs”), restricted stock (“Restricted Stock”), restricted stock units (“RSUs”), performance shares (“Performance Shares”) and performance units (“Performance Units”). Incentive stock options (“ISOs”) may be granted under the 2015 Plan only to our employees. Our employees, consultants, directors, independent contractors and certain prospective employees who have committed to become an employee are eligible to receive all other types of awards under the 2015 Plan (each an “Eligible Individual”).

The granting of Awards under the 2015 Plan shall be subject to the following limitations: (i) a maximum of 12,500,000 shares of common stock may be subject to grants of ISOs; (ii) a maximum of 12,500,000 shares may be issued in connection with Awards, other than Options and SARs, that are settled in common stock; (iii) a maximum of 12,500,000 of shares may be subject to grants of Options or SARs to any one Eligible Individual

during any one fiscal year; (iv) a maximum of 12,500,000 of such shares may be subject to grants of Performance Shares, Restricted Stock, RSUs, and Awards of common stock to any one Eligible Individual during any one fiscal year; and (v) the maximum value on the date of grant of Performance Units which may be granted to any one Eligible Individual during any one fiscal year shall be \$1,000,000.

Shares Reserved for Issuance Under the 2015 Plan

Subject to adjustment as described below and under the section titled “Change in Control,” upon approval of the increase in the number of shares available for issuance under the 2015 Plan, the total number of shares of common stock that may be issued pursuant to Awards granted under the Plan shall be 12,500,000 shares. Notwithstanding the foregoing, if any Award is cancelled, forfeited or terminated for any reason prior to exercise, delivery or becoming vested in full, the shares of common stock that were subject to such Award shall become available for future Awards granted under the 2015 Plan; provided, however, that any shares of common stock subject to an Award that are cancelled to pay the exercise price of a stock option, purchase price or any taxes or tax withholdings on an Award will not be available for future Awards granted under this 2015 Plan.

If the outstanding shares of common stock are increased or decreased or changed into or exchanged for a different number or kind of shares or other securities by reason of any recapitalization, reclassification, reorganization, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock of the Company or other increase or decrease in such shares effected without receipt of consideration by the Company, an appropriate and proportionate adjustment shall be made by the Committee to: (i) the aggregate number and kind of shares of common stock available under the 2015 Plan, (ii) the calculation of the reduction of shares of common stock available under the 2015 Plan, (iii) the number and kind of shares of common stock issuable pursuant to outstanding Awards granted under the 2015 Plan and/or (iv) the exercise price of outstanding Options or SARs granted under the 2015 Plan. No fractional shares of common stock or units of other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share or unit. Any adjustments made to any ISO shall be made in accordance with Section 424 of the Internal Revenue Code of 1986, as amended (the “Code”).

Stock Options

The Committee acting in its absolute discretion has the right to grant Options to Eligible Individuals to purchase shares of common stock. Each grant shall be evidenced by an option certificate setting forth whether the Option is an ISO, which is intended to qualify for special tax treatment under Section 422 of the Code, or a non-qualified incentive stock option (“Non-ISO”). Each Option granted under the 2015 Plan entitles the holder thereof to purchase the number of shares of common stock specified in the grant at the exercise price specified in the related option certificate. At the discretion of the Committee, the option certificate can provide for payment of the exercise price either in cash, by check, bank draft, money order, in common stock and by any other method which the Committee, in its sole and absolute discretion and to the extent permitted by applicable law, may permit.

The terms and conditions of each Option granted under the 2015 Plan will be determined by the Committee, but no Option will be granted at an exercise price which is less than the fair market value of the common stock on the grant date (generally, the closing price for the common stock on the principal securities exchange on which the common stock is traded or listed on the date the Option is granted or, if there was no closing price on that date, on the last preceding date on which a closing price was reported). In addition, if the Option is an ISO that is granted to a 10% stockholder of the Company, the Option exercise price will be no less than 110% of the fair market value of the shares of common stock on the grant date. Except for adjustments as described under “Shares Reserved for Issuance Under the 2015 Plan” above and “Change in Control” below, without the approval of the Company’s stockholders, the option price shall not be reduced after the Option is granted, an Option may not be cancelled in exchange for cash or another Award, and no other action may be made with respect to an Option that would be treated as a repricing under the rules and regulations of the principal securities exchange on which the common stock is traded.

No Options may be exercised prior to the satisfaction of the conditions and vesting schedule provided for in the 2015 Plan and in the Award Agreement relating thereto. No Option may be exercisable more than 10 years from the grant date, or, if the Option is an ISO granted to a 10% stockholder of the Company, it may not be exercisable more than 10 years from the grant date. Moreover, no Option will be treated as an ISO to the extent that the aggregate fair market value of the common stock subject to the Option (determined as of the date the ISO was granted) which would first become exercisable in any calendar year exceeds \$100,000. The Committee may not, as part of an Option grant, provide for an Option reload feature whereby an additional Option is automatically granted to pay all or a part of the Option exercise price or a part of any related tax withholding requirement.

Restricted Stock and Restricted Stock Units

The Committee may grant to such Eligible Individuals as the Committee may determine, Restricted Stock and RSUs, in such amounts and on such terms and conditions as the Committee shall determine in its sole and absolute discretion. The Committee shall impose such restrictions on any Restricted Stock and RSUs granted pursuant to the 2015 Plan as it may deem advisable including, without limitation, time-based vesting restrictions or the attainment of performance goals (“Performance Goals”). With respect to a grant of Restricted Stock, the Company may issue a certificate evidencing such Restricted Stock to the Eligible Individual or issue and hold such shares of Restricted Stock for the benefit of the Eligible Individual until the applicable restrictions expire. The Company may legend the certificate representing Restricted Stock to give appropriate notice of such restrictions. Unless otherwise provided in an Award Agreement, until the expiration of all applicable restrictions, (i) the Restricted Stock shall be treated as outstanding, (ii) the Eligible Individual holding shares of Restricted Stock may exercise full voting rights with respect to such shares, and (iii) the Eligible Individual holding shares of Restricted Stock shall be entitled to receive all dividends and other distributions paid with respect to such shares while they are so held. If any such dividends or distributions are paid in shares of common stock, such shares shall be subject to the same restrictions on transferability and forfeitability as the shares of Restricted Stock with respect to which they were paid. Notwithstanding anything to the contrary, at the discretion of the Committee, all such dividends and distributions may be held in escrow by the Company (subject to the same restrictions on forfeitability) until all restrictions on the respective Restricted Stock have lapsed. Holders of the RSUs shall not have any of the rights of a stockholder, including the right to vote or receive dividends and other distributions, until common stock shall have been issued in the Eligible Individual’s name pursuant to the RSUs; provided, however the Committee, in its sole and absolute discretion, may provide for dividend equivalents on vested RSUs.

Unless otherwise provided in the 2015 Plan or Award Agreement, common stock will be issued with respect to RSUs no later than March 15 of the year immediately following the year in which the RSUs are first no longer subject to a substantial risk of forfeiture as such term is defined in Section 409A of the Code and the regulations issued thereunder (“RSU Payment Date”). In the event that the Eligible Individual has elected to defer the receipt of common stock pursuant to an Award Agreement beyond the RSU Payment Date, then the common stock will be issued at the time specified in the Award Agreement or related deferral election form. In addition, unless otherwise provided in the Award Agreement, if the receipt of common stock is deferred past the RSU Payment Date, dividend equivalents on the common stock covered by the RSUs shall be deferred until the RSU Payment Date.

Stock Appreciation Rights

The Committee has the right to grant SARs to Eligible Individuals in such amounts and on such terms and conditions as the Committee shall determine in its sole and absolute discretion. Unless otherwise provided in an Award Agreement, the terms and conditions (including, without limitation, the limitations on the exercise price, exercise period, repricing and termination) of the SAR shall be substantially identical to the terms and conditions that would have been applicable were the grant of the SAR a grant of an Option. Unless otherwise provided in an Award Agreement, upon exercise of a SAR the Eligible Individual shall be entitled to receive payment, in cash,

in shares of common stock, or in a combination thereof, as determined by the Committee in its sole and absolute discretion. The amount of such payment shall be determined by multiplying the excess, if any, of the fair market value of a share of common stock on the date of exercise over the fair market value of a share of common stock on the grant date, by the number of shares of common stock with respect to which the SAR are then being exercised. Notwithstanding the foregoing, the Committee may limit in any manner the amount payable with respect to a SAR by including such limitation in the Award Agreement.

Performance Shares and Performance Units

Performance Shares and Performance Units may be granted to Eligible Individuals under the 2015 Plan. The applicable Award Agreement shall set forth (i) the number of Performance Shares or the dollar value of Performance Units granted to the participant; (ii) the performance period and Performance Goals with respect to each such Award; (iii) the threshold, target and maximum shares of common stock or dollar values of each Performance Share or Performance Unit and corresponding Performance Goals; and (iv) any other terms and conditions as the Committee determines in its sole and absolute discretion. Unless otherwise provided in an Award Agreement, the Committee shall determine in its sole and absolute discretion whether payment with respect to the Performance Share or Performance Unit shall be made in cash, in shares of common stock, or in a combination thereof.

Performance Goals

Performance Goals will be based on one or more of the following criteria: (i) the Company's enterprise value or value creation targets; (ii) the Company's after-tax or pre-tax profits including, without limitation, that attributable to Company's continuing and/or other operations; (iii) the Company's operational cash flow or working capital, or a component thereof; (iv) the Company's operational costs, or a component thereof; (v) limiting the level of increase in all or a portion of bank debt or other of the Company's long-term or short-term public or private debt or other similar financial obligations of the Company, which may be calculated net of cash balances and/or other offsets and adjustments as may be established by the Committee; (vi) earnings per share or earnings per share from the Company's continuing operations; (vii) the Company's net sales, revenues, net income or earnings before income tax or other exclusions; (viii) the Company's return on capital employed or return on invested capital; (ix) the Company's after-tax or pre-tax return on stockholder equity; (x) the attainment of certain target levels in the fair market value of the Company's common stock; (xi) the growth in the value of an investment in the common stock assuming the reinvestment of dividends; and/or (xii) EBITDA (earnings before income tax, depreciation and amortization). In addition, Performance Goals may be based upon the attainment by a subsidiary, division or other operational unit of the Company of specified levels of performance under one or more of the measures described above. Further, the Performance Goals may be based upon the attainment by the Company (or a subsidiary, division, facility or other operational unit) of specified levels of performance under one or more of the foregoing measures relative to the performance of other corporations. To the extent permitted under Section 162(m) of the Code (including, without limitation, compliance with any requirements for stockholder approval), the Committee may, in its sole and absolute discretion: (i) designate additional business criteria upon which the Performance Goals may be based; (ii) modify, amend or adjust the business criteria described herein; or (iii) incorporate in the Performance Goals provisions regarding changes in accounting methods, corporate transactions (including, without limitation, dispositions or acquisitions) and similar events or circumstances. Performance Goals may include a threshold level of performance below which no Award will be earned, levels of performance at which an Award will become partially earned and a level at which an Award will be fully earned.

Non-Transferability

No Award will be transferable by an Eligible Individual other than by will or the laws of descent and distribution, and any Option or SAR will (absent the Committee's consent) be exercisable during a Eligible Individual's lifetime only by the Eligible Individual, except that the Committee may provide in an Award

Agreement that an Eligible Individual's may transfer an award to a "family member", as such term is defined in the Form S-8 Registration Statement under the Securities Act of 1933, as amended, under such terms and conditions as specified by the Committee.

Amendments to the 2015 Plan

The 2015 Plan may be amended by the Board to the extent that it deems necessary or appropriate provided, however, that the approval of the stockholders shall be required for any amendment: (i) that changes the class of individuals eligible to receive Awards under the 2015 Plan; (ii) that increases the maximum number of shares of common stock in the aggregate that may be subject to Awards that are granted under the 2015 Plan (except as otherwise permitted under the 2015 Plan); (iii) the approval of which is necessary to comply with federal or state law or with the rules of any stock exchange or automated quotation system on which the common stock may be listed or traded; or (iv) that proposed to eliminate a requirement provided herein that the stockholders of the Company must approve an action to be undertaken under the 2015 Plan. Except as expressly provided in the 2015 Plan, no amendment, suspension or termination of the 2015 Plan shall, without the consent of the holder of an Award, alter or impair rights or obligations under any Award theretofore granted under the 2015 Plan. Awards granted prior to the termination of the 2015 Plan may extend beyond the date the 2015 Plan is terminated and shall continue subject to the terms of the 2015 Plan as in effect on the date the 2015 Plan is terminated.

Change in Control

Upon the occurrence of a Change in Control (as defined in the 2015 Plan), the Committee may, in its sole and absolute discretion, provide on a case by case basis that (i) all Awards shall terminate, provided that participants shall have the right, immediately prior to the occurrence of such Change in Control and during such reasonable period as the Committee in its sole discretion shall determine and designate, to exercise any Award, (ii) all Awards shall terminate, provided that participants shall be entitled to a cash payment equal to the price per share of common stock paid in the Change in Control transaction, with respect to shares subject to the vested portion of the Award, net of the exercise price thereof, if applicable, (iii) in connection with a liquidation or dissolution of the Company, the Awards, to the extent vested, shall convert into the right to receive liquidation proceeds net of the exercise price (if applicable), (iv) accelerate the vesting of Awards and (v) any combination of the foregoing. In the event that the Committee does not terminate or convert an Award upon a Change in Control of the Company, then the Award shall be assumed, or substantially equivalent Awards shall be substituted, by the acquiring, or succeeding corporation (or an affiliate thereof).

Federal Income Tax Consequences

The rules concerning the federal income tax consequences of Awards under the 2015 Plan are technical, and reasonable persons may differ on their proper interpretation. Moreover, the applicable statutory and regulatory provisions are subject to change, as are their interpretations and applications, which may vary in individual circumstances. Therefore, the following discussion is designed to provide only a brief, general summary description of the federal income tax consequences associated with such grants, based on a good faith interpretation of the current federal income tax laws, regulations (including certain proposed regulations) and judicial and administrative interpretations. The following discussion does not set forth (1) any federal tax consequences other than income tax consequences or (2) any state, local or foreign tax consequences that may apply.

ISOs. In general, an employee will not recognize taxable income upon the grant or the exercise of an ISO. For purposes of the alternative minimum tax, however, the employee will be required to treat an amount equal to the difference between the fair market value of the common stock on the date of exercise over the option exercise price as an item of adjustment in computing the employee's alternative minimum taxable income. If the employee does not dispose of the common stock received pursuant to the exercise of the ISO within either (1) two years after the date of the grant of the ISO or (2) one year after the date of the exercise of the ISO, a

subsequent disposition of the common stock generally will result in long-term capital gain or loss to such individual with respect to the difference between the amount realized on the disposition and exercise price. The Company will not be entitled to any federal income tax deduction as a result of such disposition. In addition, the Company normally will not be entitled to take a federal income tax deduction on either the grant date or upon the exercise of an ISO.

If the employee disposes of the common stock acquired upon exercise of the ISO within either of the above-mentioned time periods, then in the year of such disposition, the employee generally will recognize ordinary income, and the Company will be entitled to a federal income tax deduction (provided the Company satisfies applicable federal income tax reporting requirements), in an amount equal to the lesser of (1) the excess of the fair market value of the common stock on the date of exercise over the option exercise price or (2) the amount realized upon disposition of the common stock over the exercise price. Any gain in excess of such amount recognized by the employee as ordinary income would be taxed to such individual as short-term or long-term capital gain (depending on the applicable holding period).

Non-ISOs. An Eligible Individual will not recognize any taxable income upon the grant of a Non-ISO, and the Company will not be entitled to take an income tax deduction at the time of such grant. Upon the exercise of a Non-ISO, the Eligible Individual generally will recognize ordinary income and the Company will be entitled to a federal income tax deduction (provided the Company satisfies applicable federal income tax reporting requirements) in an amount equal to the excess of the fair market value of the common stock on the date of exercise over the option exercise price. Upon a subsequent sale of the common stock by the Eligible Individual, such individual will recognize short-term or long-term capital gain or loss (depending on the applicable holding period).

SARs. An Eligible Individual will not recognize any taxable income upon the grant of a SAR, and the Company will not be entitled to take an income tax deduction at the time of such grant. A Eligible Individual will recognize ordinary income for federal income tax purposes upon the exercise of a SAR under the 2015 Plan for cash, common stock or a combination of cash and common stock, and the amount of income that the Eligible Individual will recognize will depend on the amount of cash, if any, and the fair market value of the common stock, if any, that the Eligible Individual receives as a result of such exercise. The Company generally will be entitled to a federal income tax deduction in an amount equal to the ordinary income recognized by the Eligible Individual in the same taxable year in which the Eligible Individual recognizes such income, if the Company satisfies applicable federal income tax reporting requirements.

Restricted Stock. The Eligible Individual who receives Restricted Stock generally will not be subject to tax until the shares are no longer subject to forfeiture or restrictions on transfer for purposes of Section 83 of the Code (the "Restrictions"). At such time the Eligible Individual will be subject to tax at ordinary income rates on the fair market value of the Restricted Stock (reduced by any amount paid by the participant for such Restricted Stock). However, an Eligible Individual who makes an election under Section 83(b) of the Code within 30 days of the date of transfer of the shares will have taxable ordinary income on the date of transfer of the shares equal to the excess of the fair market value of such shares (determined without regard to the Restrictions) over the purchase price, if any, of such restricted shares. Any appreciation (or depreciation) realized upon a later disposition of such shares will be treated as long-term or short-term capital gain (or loss) depending upon how long the shares have been held. If a Section 83(b) election has not been made, any dividends received with respect to restricted shares that are subject to the Restrictions generally will be treated as compensation that is taxable as ordinary income to the participant and not eligible for the reduced tax rate applicable to dividends. The Company generally will be entitled to a federal income tax deduction in an amount equal to the ordinary income recognized by the Eligible Individual in the same taxable year in which the Eligible Individual recognizes such income, if the Company satisfies applicable federal income tax reporting requirements.

Restricted Stock Units. Generally, no income will be recognized upon the award of RSUs. An Eligible Individual who receives RSUs generally will be subject to tax at ordinary income rates on any cash received and

the fair market value of any shares of common stock or other property on the date that such amounts are transferred to the Eligible Individual under the award (reduced by any amount paid by the Eligible Individual for such RSU). The Company generally will be entitled to a federal income tax deduction in an amount equal to the ordinary income recognized by the Eligible Individual in the same taxable year in which the Eligible Individual recognizes such income.

Performance Units and Performance Shares. No income generally will be recognized upon the grant of a Performance Unit or Performance Share. Upon payment in respect of a Performance Unit or Performance Share, the Eligible Individual generally will be required to include as taxable ordinary income in the year of receipt an amount equal to the amount of cash received and the fair market value of any nonrestricted shares of common stock or other property received. The Company generally will be entitled to a federal income tax deduction in an amount equal to the ordinary income recognized by the Eligible Individual in the same taxable year in which the Eligible Individual recognizes such income.

Code Section 162(m). Code Section 162(m) imposes a \$1 million deduction limitation on the compensation paid to a public company's most senior executives unless the compensation meets one of the exceptions to this limitation. One exception is for option grants made at fair market value. Another exception is for grants which are made subject to the satisfaction of one or more Performance Goals which are set in accordance with Code Section 162(m) and which are forfeited if there is a failure to satisfy those Performance Goals. The 2015 Plan has been designed so that the Committee can make grants which can satisfy the requirements for these exceptions.

Proposal 3

APPROVAL OF RSU GRANT TO OUR EXECUTIVE CHAIRMAN

On November 16, 2015, the Compensation Committee approved an employment agreement between the Company and our Executive Chairman, Michael Brauser (the “Brauser Employment Agreement”), including a proposed grant under the Brauser Employment Agreement of 5,000,000 restricted stock units (the “Brauser RSUs”). The Brauser RSUs are being granted outside the 2015 Plan, and as such must be approved by stockholders at the Meeting separately from the 2015 Plan increase, which is the subject of Proposal 2.

The Brauser RSUs vest in four equal annual installments beginning on the first anniversary of the grant date, provided that during any fiscal year in which the Brauser RSUs are outstanding, gross revenue is determined in accordance with the Company’s audited financial statements in excess of \$100.0 million for any one fiscal year and positive EBITDA is also determined based on the Company’s audited financial statements for such fiscal year, after subtracting all charges for equity compensation paid to executives or other service providers to the Company (collectively, the “Vesting Conditions”), and provided further that the grant is approved by stockholders at the Meeting.

Mr. Brauser has served as a director and Executive Chairman of the Company since June 2015. In his capacity as Executive Chairman, Mr. Brauser is responsible for leadership of the Board, including setting its agenda and ensuring effectiveness in accomplishing the Company’s strategic plans, leading the Company in forging and nurturing relationships with various parties, including significant shareholders, financial institutions, and strategic alliances, as well as for certifying our annual and quarterly reports filed with the Securities and Exchange Commission. For his service, Mr. Brauser receives an annual salary of \$25,000. As such, the Compensation Committee believes the award of 5,000,000 RSUs is appropriate in light of Mr. Brauser’s service to the Company, his significant contributions to the transformation of the Company during 2015, including completing the TBO Merger and identifying, structuring and ultimately closing the Fluent Acquisition.

Vote Required and Board Recommendation

Approval of the Brauser RSU grant requires the affirmative vote of a majority of votes cast on the proposal at the Meeting.

The Board unanimously recommends a vote **“FOR”** approval of the Brauser RSU grant.

Proposal 4

APPROVAL OF RSU GRANT TO OUR VICE CHAIRMAN

On December 8, 2015, the Compensation Committee approved a grant of RSUs to our Vice Chairman, Phillip Frost (the “Frost Grant”), of 3,000,000 restricted stock units (the “Frost RSUs”). The Frost RSUs are being granted outside the 2015 Plan, and as such must be approved by stockholders at the Meeting separately from the 2015 Plan increase, which is the subject of Proposal 2.

The Frost RSUs will vest immediately provided that the grant is approved by stockholders at the Meeting. Dr. Frost is a prominent and seasoned executive and the Compensation Committee believes his knowledge, experience, and vision will significantly benefit the strategic direction of the Company. As such, the Compensation Committee believes the award of 3,000,000 RSUs is appropriate at this time.

Vote Required and Board Recommendation

Approval of the Frost RSU grant requires the affirmative vote of a majority of votes cast on the proposal at the Meeting.

The Board unanimously recommends a vote **“FOR”** approval of the Frost RSU grant.

Proposal 5

NON-BINDING ADVISORY VOTE “SAY ON PAY”

The SEC rules and regulations require all public companies to hold a nonbinding advisory stockholder vote to approve the compensation of executive officers as described in the executive compensation tables and any related information in each such company’s proxy statement (commonly known as a “Say on Pay” proposal). At the Meeting, the Company will present its Say on Pay proposal for approval.

This Say on Pay proposal is set forth in the following resolution:

RESOLVED, that the stockholders of IDI, Inc. approve, on an advisory basis, the compensation of its named executive officer, as disclosed in the IDI, Inc. Proxy Statement for the 2016 Annual Meeting of Stockholders, pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation tables, and any related information found in the proxy statement of IDI, Inc.

Because your vote on this proposal is advisory, it will not be binding on the Board, the Compensation Committee, or the Company. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

Vote Required and Board Recommendation

The advisory vote on the Say on Pay proposal requires the affirmative vote of a majority of the voting power of the issued and outstanding stock of the Company entitled to vote, present in person or represented by proxy at the Annual Meeting.

The Board unanimously recommends a vote “**FOR**” the Say on Pay proposal.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires directors and executive officers of the Company and ten percent stockholders of the Company to file initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company with the Securities and Exchange Commission. Directors, executive officers, and ten percent stockholders are required to furnish the

Company with copies of all Section 16(a) forms they file. Before the Company completed the domestication to Delaware from the Cayman Islands on March 20, 2015, the Company qualified as a “foreign private issuer” under the rules and regulations of the Securities and Exchange Commission, and as such was not required to comply with Section 16(a). Upon completion of the domestication, the Company no longer qualified as a foreign private issuer and immediately began filing reports required of a domestic issuer, including, with respect to its officers and directors, Section 16(a).

To the Company’s knowledge, based solely on a review of copies of such reports furnished to the Company during and/or with respect to the year ended December 31, 2015, the Company is not aware of any late or delinquent filings required under Section 16(a) of the Exchange Act in respect of the Company’s equity securities, other than a Form 3 which was filed late by one business day by Donald Mathis.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Audit Committee reviews and approves transactions in which IDI was or is to be a participant, where the amount involved exceeded or will exceed \$120,000 annually and any of its directors, executive officers or their immediate family members had or will have a direct or indirect material interest. IDI has a written policy stating that the Audit Committee is responsible for reviewing and, if appropriate, approving or ratifying any related party transactions. The related party transaction will not be approved unless at a minimum it is for IDI’s benefit and is upon terms no less favorable to the company than if the related party transaction was with an unrelated third party.

In addition, on March 21, 2015, after giving effect to a TBO recapitalization, Frost Gamma owned 80,000 shares of TBO common stock, 640,000 shares of TBO Series C Preferred Stock, and 4,000 shares of TBO Series D Preferred Stock, which resulted in IDI issuing to Frost Gamma 2,660,309 shares of Company common stock at closing, and an additional 900,108 shares of the Company common stock subject to an earn out. As a result, following the TBO Merger, Frost Gamma owned 34.6% of the Company’s common stock at closing and 38.6% of the Company’s common stock assuming the earn out shares are earned.
