

cogint Integrates Motor Vehicle Records into idiCORE

September 28, 2016

BOCA RATON, Fla.--(BUSINESS WIRE)--Sep. 28, 2016-- Cogint, Inc. (NASDAQ: COGT), a data and analytics company, today announced a major enhancement to its investigative solution for the risk management industry, idiCORE™, adding motor vehicle records into its next-generation product.

Derek Dubner, CEO of cogint, commented, "We have communicated our goal of continuously evolving our primary investigative solution, idiCORE, to provide greater utility to current and future customers. The integration of this massive database of motor vehicle records is just one more step towards further ingraining our solution into our customers' workflow."

The company additionally announced further enhancements to idiCORE, including enhanced sorting of data, and age associated with neighbors and relatives. idiCORE is a product of Interactive Data, LLC, a cogint company.

About cogint™

At cogint, we believe that time is your most valuable asset. Through powerful analytics, we transform data into intelligence, in a fast and efficient manner, so that our clients can spend their time on what matters most – running their organizations with confidence. Through leading-edge, proprietary technology and a massive data repository, our data and analytical solutions harness the power of data fusion, uncovering the relevance of disparate data points and converting them into comprehensive and insightful views of people, businesses, assets and their interrelationships. We empower clients across markets and industries to better execute all aspects of their business, from managing risk, conducting investigations, identifying fraud and abuse, and collecting debts, to identifying and acquiring new customers. At cogint, we are dedicated to making the world a safer place, to reducing the cost of doing business, and to enhancing the consumer experience.
